SUBJECT: MSP GAD Accomplishment Report 2020

Dear Ma'am Trina,

Good day!

This is to respectfully submit to your good office the MSP GAD Accomplishment Report for Year 2020.

For your perusal

Thank you very much!

Respectfully Yours,

EnP. Alvin F. Veron

Head

**CITY GOVERNMENT OF MUNTINLUPA
MUNTINLUPA SCHOLARSHIP PROGRAM**

2020 ACCOMPLISHMENT REPORT

**A. PROJECT TITLE: MUNTINLUPA SCHOLARSHIP PROGRAM- HIGH SCHOOL AND
ELEMENTARY LEARNERS PROGRAM (HELP)**

B. BACKGROUND

The Muntinlupa Scholarship Program (MSP) remains to be committed to its mandate, as embodied in the City Ordinance No.17-107, to encourage and supports the quality of education of its citizens through programs for basic and tertiary education. It also recognizes the efforts of the academic achievers and board topnotchers in Muntinlupa through the City Education Recognition Program.

C. PROJECT COMPONENTS/ACTIVITIES

The Muntinlupa Scholarship Program under the Office of the City Mayor led the implementation of the High School and Elementary Learners Program (HELP) , which aims to financially support male and female learners in elementary, junior and senior high schools in the City, on their daily needs. The goal of the program is to eradicate the incidence of dropping-out most especially to male learners.

Economic and financial difficulty remain as one of the reasons why learners are dropping out and leaving school. Even if education is practically free for all, parents are continuously confronted with daily expense for fares, "baon" (allowance), food, school projects, among others. In order to address these problems, on January 2020 the City Government amended the City Ordinance to 17-107 to City Ordinance 2020-0154, an ordinance increasing the annual allowance of the beneficiaries to wit:

FROM	
• Elementary/Alternative Learning System - Php300 per month (Php 3,000 per year)	• Elementary/Alternative Learning System - Php400 per month (Php 4,000 per year)
• Junior High School- Php 400 per month (Php 4,000 per year)	• Junior High School- Php 500 per month (Php 5,000 per year)
• Senior High School Php 500 per month (Php 5000 per year)	• Senior High School Php 600 per month (Php 6,000 per year)
TO	

The target beneficiaries for Fiscal Year 2020 was 70,000 learners (35,000 males, 35,000 females). As the flagship program of the City Government, full support was given by the Local Chief Executive (LCE) and City Council. This is attested by appropriating and approving 455 million fund for the whole program, of which around Php 250 million was allocated for HELP.

On March 2020, the World Health Organization (WHO) declared COVID-19 a "pandemic" and prompted the National Government to imposed Enhanced Community Quarantine (ECQ) to restrict the movement of people, suspend transportation, prohibits mass gatherings, suspend face to face classes, amongst others. These restrictions have affected the economic life of the citizens especially those whose means of living is based in a daily income.

While the MSP was ordained and envisioned to grant financial leeway for poor but deserving students in the City for education related needs, the City Government of Muntinlupa sees such fund may be used to augment the expenses for the basic need for food of the family, under the existing emergency. The MSP closely coordinated and worked with Schools Division Office Muntinlupa, Philippine National Police- Muntinlupa, Barangay Officials and other stake holders with regards to the disbursement of the financial assistance.

The unprecedented outbreak of COVID-19 has greatly affected the education system, including the learning modalities and school calendar. The education system migrates to the distanced modes of learning including online learning, students' self-learning modules, TV and radio. Also, the Department of Education has reached a decision to push back the formal school opening by nearly three months from the traditional opening on the Month of June to October 2020.

The MSP held a meeting with the 51 scholarship coordinators from schools (7 males , 42 female coordinators) on July 7,2020.

MAJOR ACTIVITIES as agreed between and MSP and schools:

1. Opening of Application Period.
2. Acceptance and Screening of application by the School Coordinators.
3. Endorsement of list of scholars from school coordinators to MSP.
4. Validation and Processing of allowance (to Mayor, Budget Office, Accounting Office, Treasury Office)
5. Release of allowance (per school, as scheduled quarterly)
6. Change in disbursement schedule:

FROM

1st tranche: June to August
2nd tranche: September to December
3rd tranche: January to March

TO

1st tranche: October to December
2nd tranche: January to March
3rd tranche: April to June

MONITORING ACTIVITIES

- Meeting with Mayor, City Council Members (Konsi Paty and Budget Deliberation)
- Meeting with parents, school coordinators and school heads.
- Meeting with CPDO, DepED and Education Cluster.
- Monitoring of attendance and status of students.
- Attendance to GAD Capacity-Building organized by GAD Office.

While the MSP Office do not take credit to the improving access data of Muntinlupa public school students with regard to dropping-out, attendance and completion rates, it can have said that the implementation of our financial assistance has positive correlation. Also, since face to face classes are suspended due to the pandemic, another study on the impact of the program has to be conducted.

COMPLETION RATES (ELEMENTARY)

More females are completing Elementary Schooling, than males. Although the completion rate fluctuates for the past four years.

SCHOOL LEAVER RATE (ELEMENTARY)			
SCHOOL YEAR	MALE	FEMALE	TOTAL/AVERAGE
SY 2015-2016	3.09%	1.35%	2.41%
SY 2016-2017	0.99%	0.71%	0.80%
SY 2017-2018	2.30%	1.43%	1.88%
SY 2018-2019	0.62%	0.20%	0.34%

Source: SDO - Muntinlupa, 2020

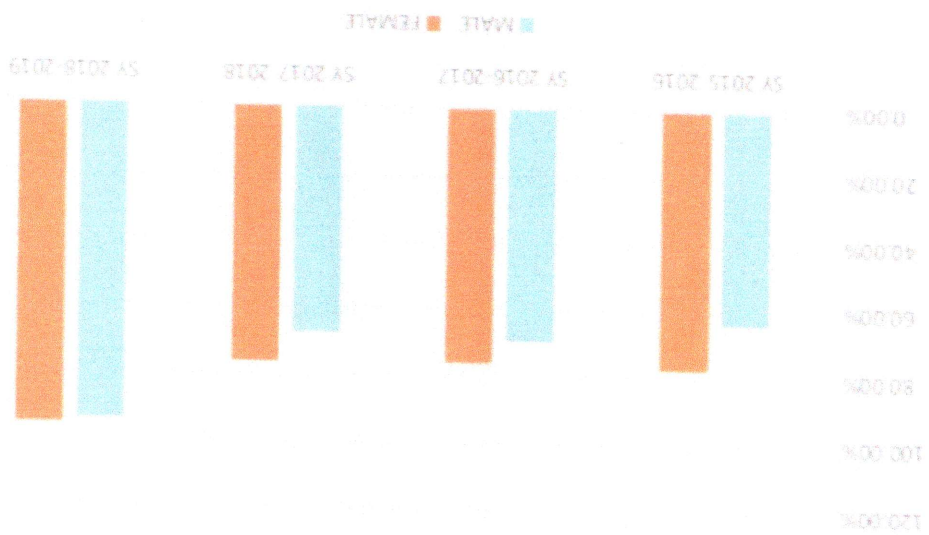

The number of learners who either leave within the school year or finish the school year but failed to enroll in the following year has DECREASED in SY208-2019, but incidence is greater among males.

COMPLETION RATE (SECONDARY)

SCHOOL YEAR	MALE	FEMALE	TOTAL/AVERAGE
SY 2015-2016	63.75%	77.37%	70.33%
SY 2016-2017	69.53%	75.87%	72.69%

SY 2018-2019	94.42%	95.76%	95.78%

Source: SDO - Muntinlupa, 2020

COMPLETION RATE (SECONDARY)

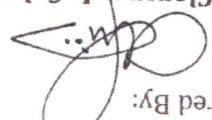

Completion rates consistently increasing. More girls are completing Basic Education than boys in the Secondary level, although in SY 2018-2019, the gap became narrower (male learners are able to catch up).

*Data for SY2019-2020 not yet available.

As the education system migrates to distanced modes of learning due to COVID-19 pandemic, it is expected that the number of drop out will eventually increase for this School Year. In order to address the problems when it comes with the permanent dislocation of students, the Muntinlupa Scholarship program is closely coordinating with the schools in monitoring the attendance and performance of the students. Focus is given in public high schools as there are the schools where majority of male and female drop-outs are located. Also, MSP is also looking at incidence of those transferring out of Muntinlupa due to the community quarantine imposed.

On reporting, annual reports are submitted to GAD Office for endorsement to the Office City Mayor and DILG.
